How to use digitized records of the GENBAZA website

This website provides access to scans from the following archives:

State Archive in Kielce

State Archive in Sandomierz

State Archive in Grodzisk (available also without login)

State Archive in Pułtusk

State Archive in Łódź

Cath. Church Archive in Kielce

First, login. **Go to: http://metryki.genbaza.com/** and click on the login link at the top of the page.

You can use this temporary login information:

login: *user*

password: *haslo*

If you would like to have your own login and password, please go to:

http://www.genpol.com/module-Users-register.html

When the registration process is completed you will be able to login to metryki.genbaza.com with your own login and password.

After you login, please select the archive and parish that you are interested in.
